

# WELCOME TO MOM'S

Mom's Kitchen is a family owned and operated business and has been for over 25 years. In a society of processed food and big industry, we continue to bring our customers high quality, home-cooked meals while striving to support locally grown or produced goods. We offer dine in, take out, and several options of catering services. We take pride in not only our dishes and staff, but also our Michigan community. Thank you for supporting Mom's!
